### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

With regard to instant claims 1, 12, 13 and 31, the examiner agrees with applicant's arguments of 8/31/07. Nash teaches away from any combination with CS '117 because Nash discloses that the colloidal silica is added to reduce friction lower than that of a smooth surface (column 3, lines 45-51) and thus one of ordinary skill in the art would not be motivated to provide an outer coating of colloidal silica which would make the gloves more slippery and less able to grip objects.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### **Conclusion**
